

Las Vegas, NV

LCU has been providing on-site Christian higher education in Las Vegas since August 2007. We are the only accredited face-to-face Christian higher education option available in southern Nevada, offering bachelor's degree programs in Christian Ministry, Business Administration, and Psychology. At LCU, you will find that all of our programs are taught from a Christian worldview.

Working adults like our non-traditional class format:

- On-site undergraduate courses meet in the evenings on Mondays and Thursdays.
- Online courses are offered in an asynchronistic format so students can learn at times that fit their unique schedules.
- At LCU's Las Vegas location, you'll benefit from small class sizes, a student study area that includes two computers for student use, and a theological library of approximately 8,300 volumes with access to the greater collection at the Jessie C. Eury Library on our main campus in Lincoln, Illinois.

LCU students are a positive example of what serving the Kingdom of God is all about. At LCU Las Vegas, you will find a diverse student population who represent churches throughout the Las Vegas valley. Our students are actively serving the

community through various ministries and nonprofit organizations. Whether you are looking to finish your degree, further your education, or audit courses for personal growth, we have options to meet your needs.

Available Programs:
